NB: Attend both workshops to receive a \$35 discount

Oct 1: Exploring the Depth of Tai Chi for Heart Conditions

Dr Lam, will work with you to explore the depth of this program. He will also share his 40 plus years of tai chi and medical knowledge to facilitate your tai chi development.

Tai chi is shown by medical studies to improve most health conditions. Dr Lam's team has incorporated medical research and traditional Chinese medicine to create an empowering program. It can prevent or improve most heart conditions, as well improve balance, immunity and relaxation. Dr Lam will explain how it works and how it can help you develop your tai chi and teaching skill.

Oct 2-3: Exploring the Depth Tai Chi for Arthritis and Fall Prevention

Dr Lam will discuss the deeper meanings of tai chi principles and how to incorporate them into your forms. He will explain the ultimate purpose of tai chi and what Qi (vital life energy) is, and work on using the Yi (mind) to drive the Qi, and the Qi to drive the Jing (internal force).

Dr Lam will show you how to deliver the Jing and use it to store and regenerate more Qi. Your tai chi will improve significantly. These techniques and knowledge are applicable to all forms of tai chi.

Millions of people around the world have learned Tai Chi for Arthritis; many would like to progress further. You can develop your tai chi and gain greater health benefits at this workshop. There is infinite depth in the Tai Chi for Arthritis program - discover how much more power and enjoyment you can gain as you explore and re-explore the depth!

At the Workshops

Dr Lam will go through form by form in detail to explain the depth and inner meaning. He will offer feedback, points of improvement and directions to develop your tai chi. You will have time to interact with Dr Lam and his colleagues.

Updates

Workshop participants will have the opportunity to update any of their Tai Chi for Health qualifications. Prior notice is essential, and a written assignment must be submitted two weeks prior the workshop. An administration fee applies.

How Will I Benefit from the Workshops

Over 500 medical studies have shown tai chi improves muscular strength, flexibility and fitness; as well as improving relaxation, balance, immunity and other health benefits. The benefits of tai chi are much more than studies can show! Such as empowering you to develop inner peace, inner strength and leading to more happiness and fulfilment.

Dr Lam will share his knowledge gained by working on the true meaning of tai chi for over 40 years. There will be intangible energy that can only be shared by personally interacting with him.
